INDEX TO VOLUME I

	No.	Page
ANIZATION:		
llions of Foreign-born and Native-born Citizens Lack the Education Necessary for Intelligent Citizenship in a Democracy	4	282
nk and Per Cent by States of Foreign-Born White Population Unable to Speak English (Table 14)	1	32
States and the Americanization Problem Among the Native-Born	1	33
ANCE:		
All Children in Your State Attending School? (Table 3)	4	261
rollment and Attendance Increase 1920–22	4	288
t-Time Attendance and Shortage of Seats by States (Table 12)	4	275
People Through a State Law Should Require Full-Time Attendance of All Children of School Age	4	287
te Compulsory School Attendance Laws (Table 1)	4	259
LABOR:		
ld Labor Denies Thousands of Children an Educational Opportunity	4	276
ld Laborers and Rank of States in Per Cent Children not Engaged in Child Labor and Native-Born Illiteracy (Table 13)	4	277
School's Influence on the Coming Generation	4	276
IDATED SCHOOLS:		
mber of Consolidated Schools by States 1920 (Table 5)	4	263
People Should Consolidate Those School Districts That Are Too Small to Maintain Modern Schools	4	292
EDUCATION:		
Analysis of the Fictitious Increase in School Costs During the War Period (Table 5)	2	73
Burden of School Costs Did Not Increase During the War Decade	4	294
the Nation Afford to Educate Its Children?	2	69
t of Education in One-Room School and Graded School (Table 2)	4	260
titious Increase in School Costs and Increase Necessary to Provide for Depreciation of Dollar and Increased Attendance (Table 7)	2	75
reased Cost Due to Increased Attendance (Table 6)	2	74
he One-Room School Costly? (Table 4)	4	262
tional Income and School Costs (Table 4) (also Table 25, No. 4, page 294)	2	72
Purchasing Power of the Money Expended for Schools Was Less in 1920 Than in 1913	4	294
PHYSICAL INCOMPETENCY	4	284
ULUM:		
the Three R's Crowded Out by Fads and Frills?	5	330
mparison of Time Allotments of Grades 1–6 in 60 Cities with Those of 49 Cities (Table 7)	5	329
mparison of Weekly Time Allotments of Seattle and 49 Representative Cities (Table 8)	5	330
ys Required by State Legislative Enactment or by Rulings of the State Board of Education to Be Observed by Special Programs or as Holidays (Table 2)	5	320
ential Relationships between State Legislatures and State Boards of Education	5	324
ts on Time Allotments for Subjects in Elementary Schools and Junior High Schools	5	325
de Combinations for Elementary Subjects Found in 5 or More City School Systems (Table 12)	5	334
de Combinations in Which Junior High School Subjects Are Required and Elective in 5 or More City School Systems out of a Total of 375 (Table 14)	5	335
lpful Books on Elem. and Sec. School Curricula Selected on the Judgment of 25 Educators (Table 17)	5	338
w Is the Elementary Pupil's Time Divided?	5	328
he School of Today More Efficient Than That of Yesterday?	5	314
islation Affecting the Curriculum Put on a Scientific Basis	5	323
mber of Combinations of Grades in Which 17 Elementary School Subjects are Taught in Grades 1–8 (Table 13)	5	334
mber of Combinations of Grades in Which 50 Junior High School Subjects are Taught in Grades 6–9 (Table 15)	5	336
mber of Minutes Per Week by Grades Allotted to Elementary School Subjects (Table 5)	5	327
presentative Elementary Courses of Study Published Since 1920 (Table 18)	5	346–350
ected and Annotated Bibliography	5	339
uld There Be Specific Statutory Requirements Regarding Curricula?	5	321
tutory and State Board of Education Requirements Relative to Elementary School Curricula	5	317
jects and Topics Required to Be Taught in the Elementary Schools by State Legislative Enactments or by Ruling of the State Boards of Education (Table 1)	5	318–319
te of Expert Opinion—Most Helpful Books on Curriculum Problems	5	337
What Extent Are Elementary Curricula Determined by State Requirements?	5	318
at Are the Outstanding Facts Revealed by a Review of Recent Courses of Study?	5	344
at a Comparison of Time Allotments Reveals	5	325
at Does an Elementary Pupil Face When He Transfers from One City School System to Another?	5	331
at Does a Junior High School Pupil Face When He Transfers from One City School System to Another?	5	334
at is Most Needed in Curriculum Revision?	5	336
at Opinions Do State Superintendents Hold Regarding Statutory Requirements?	5	322
here Can the Best New Courses of Study Be Obtained?	5	345

No.

Efficiency of Schools:
Public School Efficiency, Earning Power and Thrift by States (Table 36) 4
Public School Efficiency, General Intelligence and Leadership in National Affairs by States (Table 33) 4
Public School Efficiency and the Production of Men and Women of Leadership (Table 32) 4
School Efficiency 1900 and Literary Digest Circulation 1922 (Table 29) 4
What Was the Rank of the States in Public School Efficiency a Generation Ago? 4

Enrolment:
Enrolment and Attendance Increase 1920–22 4
Enrolment by States by Decades 1870 to 1920 (Table 9) 1

Expenditures—Educational:
Educational Expenditures and Other Expenditures 1920 (Table 2) 2
Expenditures for Education and Federal Taxes Paid by States and Per Cent Increase 1912–22 (Table 9) 2
Growth in Physical Property, National Income, and Public School Expenditures (Table 10) 4
Per Cent of National Income (Table 1) 1
Rank of the States in Per Capita Expenditures for Education Compared with Wealth, Income and Savings Deposits (Table 6) 1
Rank of States in Per Pupil Expenditure, Average Length of Term, and Per Cent Rural is of City Teacher's Salary (Table 9) 4

Experience of Teachers:
Amount of Experience Accepted from Other Cities in Adjusting Salary (Table 44) 3
Experience and Maturity of Rural School Teachers by States (Table 7) 4

Foreign-born Population:
Number and Rank by States in Per Cent Foreign Born (Table 19) 4
Percentage of Illiteracy in Countries from which Nearly Half of Our Foreign-Born Come (Table 11) 1
Rank and Percentage by States, of Number of Foreign-Born from Countries where over 25 Per Cent of Population are Illiterate (Table 13) 1
The States and the Problem of Foreign-Born, Per Cent of Population Foreign-Born and Rank (Table 10) 1

Illiteracy:
Federal Census and Army Draft Illiteracy (Table 17) 4
Illiteracy in the United States and Foreign Countries (Table) (also Table 14, No. 4, page 278) 1
The Illiteracy Problem Among the Foreign-Born White Population by States—Per Cent and Rank (Table 12) 1
Increase in Number of Illiterates in 12 States 1910 to 1920 (Table 15) 4
Number of Illiterates and Rank of States in Per Cent Illiterate (Table 16) 4
Number and Rank of States in Per Cent Native-Born and Native-Born White Illiterates (Table 18) 4
Percentage of Illiteracy in Countries from which Nearly Half of Our 14,000,000 Foreign-Born Come (Table 20) 4
Rank by States and Percentage of Native-Born Illiterates 21 Years of Age and Over (Table 15) 1
Rank by States and Percentage of Illiteracy in Rural and Urban Populations (Table 17) 1
Rank by States and Per Cent Illiterate 10 Years of Age and Over (Table 22) 1
Rank by States and Per Cent Illiterate Among the Native-Born 10 Years of Age and Over (Table 23) 1
Rank by States and Per Cent Illiterate Among the Negro Population 10 Years of Age and Over (Table 25) 1
Rank by States and Per Cent Illiterate Among the Native-Whites 10 Years of Age and Over (Table 24) 1
School Efficiency and Literacy (Table 28) 4

Index Numbers:
Index of Cost of Living and Purchasing Power of Teachers' Salaries (Table 11) 2
Loss in Purchasing Power of Teachers Salary (Table 8) 2
Purchasing Power of Teachers Salaries (Table 18) 3

Inequalities of Opportunity:
Average Number of Days Schools in Session, Rank by States, and Per Cent of Population 5 to 18 Attending School 1920 (Table 16) 1
Children of the United States Do Not Have an Equal Opportunity to Obtain an Education 4
The States and Inequalities of Opportunity 1
The State School Equalization Fund Should Be Distributed among the Local Districts in a Manner That Would Guarantee Every American Boy and Girl an Educational Opportunity 4

Length of School Term:
The People Through a State Law Should Require All Schools to be Open at Least Eight Months Each Year .. 4
Rank by States of Average Number of Days of School Session and Per Cent of Population 5 to 18 Attending School in 1920 (Table 16) 1

Luxuries:
Estimated Annual Expenditures for Luxuries 1920 (Table 3) (also Table 27, No. 4, page 297) 2

Physical Education:
Number and Rank of States in Per Cent of Men Disqualified for General Military Service (Table 23) 4
Preventable Physical Deficiencies Are Costing the Nation Millions Each Year 4

	No.	Page
PROFESSIONAL ADVANCEMENT (see Summer School).		
Other Methods of Encouraging Professional Advancement	3	54
Salary Allowances for Completion of Professional Courses During School Year (Table 49)	3	54
RATING OF TEACHERS:		
Rating of Quality of Teaching Service (Table 46)	3	52
RETARDATION:		
The Cost of Retardation	4	286
Retardation Among School Children Makes Us a Nation of Sixth Graders	4	286
RETIREMENT:		
Bibliography on Retirement	1	60
Public School Efficiency and Teacher Retirement Systems	1	58
State Teacher Retirement Laws (Table 30)	1	59
Teacher Retirement Systems in Cities 1922–23 (Table 53)	3	56
RURAL SCHOOLS:		
Experience of Rural School Teachers	3	51
Inadequacy of Rural Schools Revealed by Illiterary Among Native Whites	1	38
The One-Room School, an Ineffective but Expensive Instrument of Education in Modern Times Still Exists in Great Numbers	4	260
Rank by States and Per Cent Illiterate among Native White Rural and Urban Population (Table 18)	1	39
Rank by States and Per Cent of Teachers in One-Room Schools (Table 19)	1	41
SALARIES:		
ADMINISTRATIVE OFFICERS:		
Distribution of Salaries Paid 1922–23 (Tables 58 to 61, incl.) (also Tables 67 to 71, incl. No. 3, pp. 93-95)	2	126–127
Increase in Salaries of Administrative and Supervisory Officers 1913–14 (Table 19)	3	28
Median Salaries Paid 1922–23 (Table 3)	3	15
Salaries Paid Administrative Officers 1922–23 (Table 55)	2	123
DIRECTORS OR SUPERVISORS:		
Distribution of Salaries Paid 1922–23 (Tables 62 to 65, incl.) (also Tables 72 to 76, incl. No. 3, pp. 96-98)	2	128–129
Salaries Paid 1922–23 In Cities Over 100,000 in Population (Tables 56 and 57)	2	124–125
ELEMENTARY PRINCIPALS:		
Distribution of Salaries of Supervising and Non-Supervising Elementary Principals	3	20
Distribution of Salaries Paid Elementary Principals (Both Teaching and Supervising) (Tables 40 and 41)	2	112–113
Distribution of Salaries Paid Supervising Elementary Principals (Tables 42 to 44, incl.)	2	114–116
Distribution of Salaries Paid Supv. Elem. Principals Cities 100,000 Population and Over (Table 64)	3	90
Median Salaries Paid Non-Supervising and Supervising Elementary Principals, 1922–23 (Table 60)	3	86
ELEMENTARY TEACHERS:		
Comparison of Median Maximum Salaries Paid Teachers in 1918–19 and 1922–23 (Table 37)	3	43
Comparison of Median Minimum Salaries Paid Teachers in 1918–19 and 1922–23 (Table 31)	3	38
Distribution of Salaries Paid Elementary Teachers 958 Cities in 1922–23 (Table 5)	3	16
Distribution of Salaries Paid—Cities over 100,000 in Population (Table 62)	3	88
Distribution of Salaries Paid 1922–23 (Tables 22 to 26, incl.)	2	95–99
Median Salaries Paid 1922–23 (Table 57) (also Table 12, No. 2, page 86)	3	83
GENERAL:		
Average Salaries All Schools (Table 21)	1	45
City Salary Increments in 1922–23 (Table 23)	3	32
Comparison of Median Salaries—Rural and Urban with Percentages and Rank by States (Table 21)	1	45
Distribution of Salaries Paid City Teachers in the U. S. 1913–14 to 1922–23 (Table 17)	3	26
Distribution of Salaries Paid Teachers and Principals	2	91
Maximum Salaries for Cities—1922–23 (Tables 32 to 36 incl.)	3	39–43
Median Salaries Paid City Teachers and Principals in 1922–23 (Table 1)	3	13
Minimum Salaries in Cities in 1922–23 (Tables 26 to 30 incl.)	3	35–38
Present Tendencies in Solving Salary Problems	3	32
Rank of States in Per Cent Rural is of City Teachers Salary, Length of School Term and Expenditure per Pupil in Attendance (Table 9)	4	269
Salary Bonus in Cities (Table 22)	3	32
Salaries Paid in Cities in 1923	2	85
Salaries and the Supply of Teachers	3	28
Selected Bibliography on Salaries	3	115
Sick Leave with Salary (Table 51)	3	55
Special Provisions Affecting Teachers' Salaries in the United States	3	48
Teachers' Salaries and the Depreciation of the Dollar	3	27
Trends in the Median Salaries in City Schools for the Period 1913–14 to 1922–23 (Table 16)	3	25
JUNIOR HIGH-SCHOOL PRINCIPALS:		
Distribution of Salaries of Junior High School Principals	3	22
Distribution of Salaries Paid 1922–23 (Tables 45 to 49 incl.)	2	117–118
Distribution of Salaries Paid Junior High School Principals in 269 Cities in 1922–23 (Table 12)	3	22
Median Salaries Paid Junior High-School Principals 1922–23 (Table 16) (also Table 61, No. 3, p. 87)	2	90

No.

Junior High-School Teachers:
Comparison of Median Maximum Salaries Paid Teachers 1918–19 and 1922–23 (Table 37) 3
Comparison of Median Minimum Salaries Paid in 1918–19 and 1922–23 (Table 31) 3
Distribution of Salaries Paid 1922–23 (Tables 27 to 31 incl.) 2
Distribution of Salaries Paid Junior High School Teachers in 416 Cities in 1922–23 (Table 6) 3
Median Salaries Paid in 1922–23 (Table 13) (also Table 58, No. 3, page 84) 2

Kindergarten Teachers:
Distribution of Salaries Paid in 1922–23 (Tables 17 to 21 incl.) 2
Median Salaries Paid in 1922–23 (Table 12) (also Table 57, No. 3, page 83) 2

Rural Schools:
Comparison of Median Salaries in Cities, Villages, and Rural Schools (Table 8) 4
Distribution of Salaries Paid in One-Teacher Rural Schools 1922–23 (Table 66) 3
Distribution of Salaries Paid in Rural Schools 1922–23 (Tables 14 and 15) 3
Median Salaries Paid Rural Teachers and Principals in 1922–23 (Table 2) 3
Median Salaries Paid Rural School Teachers and Principals by States 1922–23 (Table 65) 3
Shortage of Teachers in Rural Schools and Salary Trends in Rural Schools, 1922–23 (Table 79) 3

Salary Schedules:
Amount of Annual Increases Provided in City Salary Schedules—1922–23 (Tables 38 and 39) 3
Application of Suggested Salary Schedules (Table 55) 3
Comparison of Annual Increases in 1918–19 and 1922–23 (Table 40) 3
General Principles Affecting the Making of Salary Schedules 3
Maintenance of Salary Schedules in Cities 1923–24 (Table 21) 3
Method of Introducing New Schedules (Table 56) 3
Number of Annual Increases Provided for in City Salary Schedules 1922–23 (Table 41) 3
Number and Percentage of Cities with Salary Schedules (Table 25) 3
Principles and Standards Involved in the Making and Administration of Teachers' Salary Schedules 3
Salary Schedules in Smaller Cities 3
Schedules in Average Sized Cities 3
Schedules in Larger Cities 3
Specific Principles Affecting the Making and Administration of Salary Schedules 3
Suggested Salary Schedules in Operation—1923 3
Suggested Salary Schedules (Table 54) 3

School Nurses:
Distribution of Salaries Paid School Nurses in 404 Cities in 1922–23 (Table 9) 3
Median Salaries Paid in 1922–23 (Table 14) (also Table 59, No. 3, page 85) 2

Senior High-School Principals:
Distribution of Salaries Paid 1922–23 (Tables 50 to 54, incl.) 2
Distribution of Salaries Paid Senior High School Principals 770 Cities in 1922–23 (Table 13) 3
Median Salaries Paid Senior High-School Principals 1922–23 (Table 16) (also Table 61, No. 3, page 87) 2

Senior High-School Teachers:
Comparison of Median Maximum Salaries Paid Teachers in 1918–19 and 1922–23 (Table 37) 3
Comparison of Median Minimum Salaries Paid Teachers in 1918–19 and 1922–23 (Table 31) 3
Distribution of Salaries Paid in 1922–23 (Tables 32 to 36, incl.) 2
Distribution of Salaries Paid Senior High-School Teachers in 881 Cities in 1922–23 (Table 7) 3
Distribution of Salaries Paid—Cities over 100,000 in Population (Table 63) 3
Median Salaries Paid in 1922–23 (Table 13) (also Table 57, No. 3, Page 84) 2

Single Salary Schedules:
Adoption of Single Salary Principles (Table 42) 3
Denver, Colorado, Salary Schedule 3
Fort Smith, Arkansas, Salary Schedule 3
Single Salary Schedules 3
St. Joseph, Missouri, Salary Schedule 3

Special Class Teachers:
Distribution of Salaries Paid Special Class Teachers—417 Cities in 1922–23 (Table 8) 3
Median Salaries Paid in 1922–23 (Table 14) (also Table 59, No. 3, p. 85) 2

Superintendents:
Salaries of State Superintendents and Commissioners of Education (Table 20) 3
Trends in Salaries of State Superintendents of Schools 3

Summer School:
Allowance for Summer School Attendance (Table 48) 3
Attendance at Summer School in Summer of 1922 (Table 47) 3

Taxes:
The Money for the Support of Our Public Schools Is Obtained by Obsolete and Discredited Methods 4
The People Through an Adequate State Equalization Fund Should Make It Possible for All Local Districts, Without Levying an Unreasonably High Tax, to Maintain a School That Meets All State Requirements 4
Per Cent of Income Paid for Federal, State and Local Taxes by States Compared with Expenditures for Education (Table 7) 1
Per Cent of School Money Coming from State, County and Local Community (Table 11) 4

	No.	Page
NURE:		
Bibliography on Tenure	1	56
Provisions of State Tenure Laws in Tabular Form (Table 27)	1	54
Special Tenure Regulations in Cities (Table 52)	3	56
Teacher Tenure Laws	1	56
AINING OF TEACHERS:		
Number and Per Cent of Trained Teachers by States (Table 6)	4	265
Provisions Concerning Training of Teachers	3	49
Rank by States and Per Cent of Teachers without Adequate Training (Table 20)	1	43
Training, Experience and Maturity of Teachers in Rural Schools in 1922–23 (Table 78)	3	100
Training Required for Election to both City and Rural Schools (Table 45)	3	50
ALTH:		
The Nation's Wealth Is Adequate	4	293
The Nation's Wealth and Educational Expenditures (Table 1) (also Table 24, No. 4, p. 293)	2	70
Rank of the States Compared with Expenditures for Education, Income, and Savings Deposits (Table 3)	1	14
Rank of the States in Per Cent of Wealth to Pay for Education Compared with Income and Savings (Table 5)	1	19
Rank of the States in Wealth per Child Compared with Expenditures for Education and Income (Table 4)	1	17
